TYPES OF FEDERAL AID (Grants, Work-study, and Loans)

Federal Pell Grant (PELL)

The **Pell Grant** is awarded to undergraduates based on financial need and the number of hours enrolled each semester. Regulations and provisions of the Pell Grant Program are subject to change by federal legislative action. Students have limited Pell Grant eligibility based on total number of years received.

Federal Supplemental Educational Opportunity Grant (SEOG)

This federal grant program is awarded on a limited basis to undergraduate students with exceptional financial need until funds have been exhausted. Additionally, this grant may be reduced if students are awarded additional scholarships after initial packaging of financial aid awards.

Federal Work-Study

The Federal Work-Study program is a work program through which students earn money to help pay for school. Funds are awarded on a limited basis to undergraduate students and graduate students based on financial need. Please contact the Financial Aid Office for more information.

Undergraduate and Graduate Federal Direct Loans

Subsidized Loans are available to students that demonstrate need. The federal government pays the interest on the loan while the student is enrolled at least half-time in an eligible degree program. Repayment begins six months after you cease to be enrolled at least half time. **This is a loan and must be repaid.**

Unsubsidized Loans accrue interest while you are in school. Your loan awards may differ from the estimated amount on your Award Letter, so please familiarize yourself with your CAMS Student Portal Web account for the latest updates. Your grade level, prior loans and other resources may impact your actual eligibility. You must repay all loans after you withdraw, graduate or fail to enroll at least half-time (6 credit hours). **This is a loan and must be repaid.**

Federal Direct PLUS Loans are unsubsidized loans for the parents of dependent students and for graduate/professional students. PLUS loans help pay for education expenses up to the cost of attendance minus all other financial assistance. Interest is charged during all periods. Parents and graduate/professional students must apply separately for this loan.

ACADEMIC REQUIREMENTS

Satisfactory Academic Progress Policy

Federal regulations require that all student financial aid recipients make satisfactory academic progress toward achieving a degree. The review of satisfactory academic progress must include both quantitative and qualitative components. This is measured by the student's cumulative grade point average and pace of credits earned in relation to those attempted and the length of the academic program.

This policy shall apply to the Federal Pell Grant Program, Federal Direct Loan Program, Federal Perkins Loan Program, and Federal Supplemental Educational Opportunity Grant Program, TEACH Grant, Federal Work Study Program, State of Tennessee or TSAC Awards, and any other Title IV or Higher Education Act (HEA) approved programs. ***Please note this policy is taken into consideration for American Baptist College Institutional scholarships. For more information, please refer to our ABC SAP Policy located in the College Catalog or online at [Financial Aid - American Baptist College \(abcnash.edu\)](http://Financial Aid - American Baptist College (abcnash.edu))***

Class Attendance

Students receiving Federal Title IV Financial Aid must attend class on a regular basis. If students cease to attend class, they should officially withdraw from the College. If students fail to begin attendance in their courses and/or unofficially withdraw from the College, a determination must be made regarding possible repayment of funds received. **Total withdrawals from the College prior to the 60% point of the semester will affect your award for that term and could result in a balance due to the College. Please contact Financial Aid for more information.**

Return to Title IV

If a student receives Federal Financial Aid assistance and withdraws, the College will return any unearned funds to the Student Financial Aid Program. The institution calculates the amount of funds that were unearned, up through the 60% point in each payment period or period of enrollment. A prorated schedule will be used to determine how much Student Financial Aid Program funds a student has earned at the time of his or her withdrawal.

NOTE: The amount of refundable institutional charges (or balance outstanding) will be set by the College policy. If there is an owed balance from these adjustments, the student is responsible for payment.

Remember: If you decide NOT to attend, you must drop your classes during the first-week of classes (drop/add period) or you will be charged!
