

December 12, 2022

As you finish your assignments and exams for your 2022 fall semester classes and hopefully make arrangements to register for 2023 spring semester classes, I have good news for you from President Harris and the College's administration. To help mitigate the impact the COVID-19 pandemic may have had on you this semester, Dr. Harris has once again directed that each student who completed the 2022 fall semester receive an emergency relief check from the funds the College received from the federal government's pandemic relief appropriation. The amount of the check you receive is based on whether you were enrolled full-time or part-time for the 2022 fall semester.

For your convenience, you can come by the Business Office in the Flakes Administration Building as early as the afternoon of Tuesday, December 13, 2022, to pick up your check. Checks not picked up by 12 noon on Friday, December 16, 2022, will be mailed to you at the address which is on file with the Registrar's Office.

Have a safe, healthy and joyous holiday break and I look forward to seeing you in January '23!

Richard E. Jackson, J.D.
Executive Vice President
